## ES-AW-6

### All-Weather Speaker

#### ► ALL-WEATHER

The Episode® All-Weather speaker allows you to have audio just about anywhere. This discreet-yet-powerful speaker is great for any environment where moisture can be an issue. Ideal for any pool, patio or deck area, this outdoor model is the perfect choice.

## The Die-Hard

Always dependable, no matter what the elements

- UV-treated Polypropylene plastic
- Temperature and weather proofed components
- 6" Woofer for rich, detailed bass
- Available in white or black

Episode: Real Performance for the Real World. Rain or snow, sleet or shine, these speakers are built to withstand the elements of the harsh outdoors or environmentally-challenged areas where moisture and heat can be an issue. The new Episode® All-Weather line is constructed of weather-proof materials that can stand up to any install. Whether it's a discreet in-ceiling model for bathrooms, a surface-mount option for decks and under-eaves, or a more rugged rock speaker for the backyard, these models will perform anywhere.
