## The Die-Hard

Always dependable,  
no matter what the elements.

- UV-treated Polypropylene plastic
- Stainless-steel rust-proof hardware
- Temperature and weather proofed components

Episode: Real Performance for the Real World. Rain or snow, sleet or shine, these speakers are built to withstand the elements of the harsh outdoors or environmentally-challenged areas where moisture and heat can be an issue. The new Episode All-Weather line is constructed of weather-proof materials that can stand up to any install. Whether it's a discreet in-ceiling model for bathrooms, a surface-mount option for decks and under-eaves, or a more rugged rock speaker for the backyard, these models will perform anywhere.

#### Product Warranty

Episode® All-Weather Speakers have a Lifetime Limited Warranty. This warranty includes parts and labor repairs on all components found to be defective in material or workmanship under normal conditions of use. All warranty claims must be made through an authorized Episode dealer.
