

Full HD1080p Business Projector

Pro8300

The ViewSonic® Pro8300 is a Full HD 1080p DLP® projector that delivers high 1920x1080 native resolution, making it ideal to present the clearest and highest image. The native wide format aspect ratio is perfect for widescreen applications and devices as well as HD viewing. The Pro8300 combines state-of-the art DLP® and BrilliantColor[™] technology with powerful Pixelworks[®] 10-bit image processor to deliver a stunning visual experience for any business applications, while 3000 ANSI lumens and 4000:1 high contrast ratio make this 1080p 1920x1080 business projector shine in any ambient light. With extensive connectivity options, including dual HDMI and dual VGA inputs, make it easy to connect to any business devices like desktops, laptops, tablets, smart phones and more. The Pro8300 1080p DLP projector is the perfect projector for corporate environments.

Full HD 1080p for Widescreen Brilliance

A widescreen projector sporting a full HD 1920x1080 (1080p) native resolution offers a tremendous degree of

flexibility and compatibility. Whether you are connecting your widescreen notebook in a conference room, or viewing 720p / 1080p HD content, you are guaranteed a distortion-free image with matching aspect ratio

Bright in Virtually Any Setting with 3,000 Lumens

Packs 3,000 lumens with 4000:1 high contrast (DCR) make this the perfect choice for conference rooms and board rooms.

High Performance Pixelworks® PW980 Image Processor

With full 10-bit image color processing, detail enhancement and noise reduction technology for crisper, sharper presentations.

HDMI True Digital Connectivity

Equipped with dual HDMI inputs, it delivers the highest picture and sound quality without losing any degradation. It's perfect for connecting to any HDMI-enabled devices from smart phones, tablets, laptops, computers to Blu-ray® DVD players.

Full HD1080p Business Projector

Pro8300

BrilliantColor[™] Technology

Latest BrilliantColor technology delivers stunning alldigital clarity with life-like colors, sharp graphics and outstanding images. The advanced 6-segment color wheel enhances the yellow color performance that is key to accurate and vivid color reproduction.

Long Lamp Life up to 4,000 Hours

The new advanced lamp technology extends the lamp life up to 4,000 hours* and saves on maintenance costs.

Give Greener Presentations and Save

Use energy-saving eco-mode to lower power consumption, extend lamp life and reduce noise. Filterless design for saving maintenance costs and labor.
